

ZENITH WATCH Syart Green Fairy Award 2018.

The experience, precision and innovation of Zenith meet the creative flair and disruptive power of the artists Syart 2018.

The Fata Verde award invited them to a reinterpretation of the "artfully" quadrant of an icon of watchmaking such as the Chronomaster El Primero, a model born in 1969 and still considered the most accurate automatic chronograph in the world.

It is not the first time that international artists have approached the famous Manifattura di Le Locle. Just remember the recent collaboration with the Friulian Carlo Stragapede who gave life to the work oil on canvas "Zenith El Primero, the art of the chronograph".

MONK VINCE SANGIORGIO - Zenith Watch Award Winner

The author creates an exclusive work on the occasion of the award.
